## Notes:

- The Department of Design may approve substitutions to these course requirements in rare cases. For instance, a student who leaves studies in one of our majors may be allowed to substitute other Department of Design coursework in place of certain requirements of the Design Minor at the discretion of the department.
- Students may enroll in ADS 320 (KU Design Lecture Series), PHTO 101 (Fundamentals of Photography), and/or PHTO 200 (Foundations in Photography) without prior admission to the Minor in Design. Admission to the minor is prerequisite to enrollment in all other courses required for the Minor in Design.
- Admission to the Minor in Design does not guarantee enrollment in courses required for the minor. Space in required courses is available on a first-come, first-served basis. The Department of Design works carefully to build in capacity for our major and minor students to take their required courses, though we're unable to guarantee accommodation for all possible students in every semester.
- For courses which require instructor permission to enroll, students should email the instructor listed for the section in which they'd like to enroll to request permission. Information about available sections and listed instructors is available on [classes.ku.edu](https://classes.ku.edu) (<https://classes.ku.edu>). Enrollment into such courses is not guaranteed.
- Students whose primary interest is Photography should consider our Minor in Photography!
