# Minor in Entrepreneurship

## Minor in Entrepreneurship

The minor in entrepreneurship develops entrepreneurial competency, builds foundational entrepreneurship skills, and deepens entrepreneurship knowledge with coursework designed to foster a problem-solving mindset. The minor provides an in-depth exploration of the field of entrepreneurship.

The minor is a powerful pairing with any major and can be applied across all career paths.

This minor is open to students in the B.S.B. degree program pursuing one of the business majors.  It cannot be earned in addition to the minor of entrepreneurship..

This minor is also open to non-business students.
