

# Minor in American Studies

---

The minor in American Studies offers students an opportunity to incorporate American Studies as an interdisciplinary field of study along with their chosen major and degree. The minor is open to all students. Many students who minor in our program do so because they want to pair their interest in the humanities and social justice with their work in STEM fields. Others find our major to be a particularly complimentary field of study for those who are currently majoring in other fields within the humanities, social sciences, or natural sciences.
