Bachelor of Applied Science in Biotechnology

Biotechnology Program
Grounded in biological sciences, chemistry and advanced technology, biotechnology employs biological systems to solve scientific challenges that impact society. Through this program, you will be equipped for diverse career options in fields such as:

- Medical education or professions
- Food science
- Environmental and agricultural sciences
- Animal health
- Pharmaceuticals

In this unique program, you will not be assessed based on your ability to memorize an array of facts but by your ability to reference facts, formulate an approach and integrate data to solve problems.

Undergraduate Admission

Admission to KU
All students applying for admission must send high school and college transcripts to the Office of Admissions. Unless they are college transfer students with at least 24 hours of credit, prospective students must send ACT or SAT scores to the Office of Admissions. Prospective first-year students should be aware that KU has qualified admission requirements that all new first-year students must meet to be admitted. Consult the Office of Admissions (http://admissions.ku.edu) for application deadlines and specific admission requirements.

Visit the Office of International Student and Scholar Services (http://www.iss.ku.edu) for information about international admissions.

Students considering transferring to KU may see how their college-level course work will transfer on the Office of Admissions (http://credittransfer.ku.edu) website.

Admission to the College of Liberal Arts and Sciences
Admission to the College is a different process from admission to a major field. Some CLAS departments have admission requirements. See individual department/program sections for departmental admission requirements.

Biotechnology
KU Edwards Campus
The undergraduate program in biotechnology is offered in its entirety only at the KU Edwards Campus (http://edwardscampus.ku.edu), 12600 Quivira Rd., Overland Park, KS 66213. This program is designed for students who have earned an associate’s degree or equivalent hours and wish to complete the upper-level courses necessary for a bachelor’s degree.

B.A.S. in Biotechnology
Biotechnology is grounded in biological sciences, chemistry and advanced technology. Biotech scientists employ biological systems to solve scientific challenges and positively impact our society. The medical, food, environmental and agricultural sciences, as well as the animal health and pharmaceutical industry, are all considered part of the biotechnology field. Contact the CLAS undergraduate advisor on the Edwards Campus, Sandra Leppin, sandra.leppin@ku.edu, 913-897-8511, for more information.

Requirements for the Bachelor of Applied Science Degree in Biotechnology

General Education Requirements
In addition to degree and major requirements for all plans and subplans, all students must complete the KU Core.

General Science Requirements
CHEM 130 & CHEM 135 General Chemistry I and General Chemistry II 10
CHEM 330 Organic Chemistry I 3
CHEM 331 Organic Chemistry I Laboratory 2
PHSX 114 College Physics I 1-4
Biology Electives pick one of the following: 3
- BIOL 416 Cell Structure and Function
- BIOL 435 Introduction to Neurobiology
- BIOL 480 Biology and Diversity of Parasites
- BIOL 506 Bacterial Infectious Diseases
- BIOL 512 General Virology
- BIOL 546 Mammalian Physiology
- BIOL 560 Histology
- BIOL 667 Chemical Communication in Sex, Feeding, and Fighting
- BIOL 672 Gene Expression

Bachelor of Applied Science Core Curriculum
MATH 365 Elementary Statistics 3
or BIOL 570 Introduction to Biostatistics
MGMT 305 Survey of Management and Leadership 3
or PUAD 607 Introduction to Project Management
BTEC 310 Scientific Communications 3
or COMS 310 Introduction to Organizational Communication
or COMS 330 Effective Business Communication

Biotechnology Requirements.
BTEC 300 Introduction to Biotechnology 3
BTEC 305 Molecular and Microbiological Techniques 4
BTEC 400 Applied Immunology 3
BTEC 475 Applied Separation Science and Quantitative Analysis 6
BTEC 494  Selected Topics in Biotechnology  Taken once in junior year and once in senior year for a total of 2 credits. 1

BTEC 501  Biotechnology Ethics and Responsible Conduct of Research  1
BTEC 540  Biotechnology Capstone I  3
BTEC 550  Applied Bioinformatics  2
BTEC 599  Biotechnology Internship  3
BTEC 630  Biotechnology, Regulation, Quality Control, and Quality Assurance  3
BTEC 640  Biotechnology Capstone II  3
BTEC or BIOL Jr/Sr electives  3

Major Hours & Major GPA
While completing all required courses, majors must also meet each of the following hour and grade-point average minimum standards:

**Major Hours**
Satisfied by 45 hours of major courses.

**Major Hours in Residence**
Satisfied by a minimum of 15 hours of KU resident credit in the major.

**Major Junior/Senior Hours**
Satisfied by a minimum of 45 hours from junior/senior courses (300+) in the major.

**Major Junior/Senior Graduation GPA**
Satisfied by a minimum of a 2.0 KU GPA in junior/senior courses (300+) in the major. GPA calculations include all junior/senior courses in the field of study including F's and repeated courses. See the Semester/Cumulative GPA Calculator [here](http://clas.ku.edu/undergrad/tools/gpa).

Below is a sample 4-year plan for students pursuing the BAS in Biotechnology. To view the list of courses approved to fulfill KU Core Goals, please visit the KU Core website [here](http://kucore.ku.edu/courses).

This degree plan assumes students will have the equivalent of MATH 101 or MATH 104 prior to the freshman year, fall semester.

### Freshman

<table>

Total Hours: 120-121

1 Concurrent or prior enrollment in CHEM 130 is required.
2 CHEM 135 is a Spring only course offered at the Lawrence campus. CHEM 350 is a Fall only course offered at the Edwards campus. BIOL 600 is a Spring and Summer course offered at the Edwards campus.
3 Most medical schools require the full CHEM 330, CHEM 331, CHEM 335, and CHEM 336 sequence.

---

1 Concurrent or prior enrollment in CHEM 130 is required.
2 CHEM 135 is a Spring only course offered at the Lawrence campus. CHEM 350 is a Fall only course offered at the Edwards campus. BIOL 600 is a Spring and Summer course offered at the Edwards campus.
3 Most medical schools require the full CHEM 330, CHEM 331, CHEM 335, and CHEM 336 sequence.
Refer to the Degree Requirements tab for a list of courses that can fulfill this major requirement.

**Please note:**

All students in the College of Liberal Arts and Sciences are required to complete 120 total hours of which 45 hours must be at the Jr/Sr (300+) level.

The same course cannot be used to fulfill more than one KU Core Goal. However, overlap of a KU Core course with a major or degree-specific requirement is allowed. Overlapping is recommended to allow more opportunities to explore other majors and/or minors.
