

Undergraduate Certificate in Microeconomics

The economics department has two certificates: one in microeconomics and one in macroeconomics. They are best for students who have strong math backgrounds (e.g., MATH 115) but limited space in their schedules to complete a major or minor in economics. The course requirements and acceptable electives for each certificate are listed below. The certificates are mutually exclusive—a student can complete either or both.

Code	Title	Hours
ECON 142	Principles of Microeconomics	3
or ECON 143	Principles of Microeconomics, Honors	
ECON 520	Microeconomics	3
ECON 600+	Micro based elective. Choose two of the following:	6
