

Accelerated Master of Arts in History

Note: Admission to the Accelerated M.A. program is open to current KU undergraduate students only. If you are a non-KU student interested in graduate study, consult information about our M.A. and Ph.D. programs, respectively.

The Accelerated M.A. program in History enables qualified KU students to earn both a Bachelor's degree and a Master's degree in history in five years. Students apply to join the accelerated program by January 1 of their Junior year, and spend the following two years completing a mix of undergraduate and graduate coursework.

The program has two tracks, one leading to an M.A. in U.S. History and one leading to an M.A. in World History. The M.A. may be pursued as a terminal degree or as preparation to pursue doctoral studies at KU or elsewhere.

Careful course selection and steady progression through the undergraduate career is necessary to ensure all requirements for both degrees be completed within the five-year timeframe. All prospective students should discuss their interest in admission to the accelerated program with both the Director of Undergraduate Studies and the Director of Graduate Studies as early as possible but no later than Fall of the student's Junior year.

Prospective students are eligible to apply to the graduate program in their Junior year. **Applications are accepted on a rolling basis but should be submitted before the end of the applicant's junior year.**

Applications must be received at least 4 weeks prior to start of the student's second to last undergraduate semester.

The following program requirements must be met by this time:

- Major GPA of at least 3.5 and cumulative GPA of at least 3.00;
- On track to complete all requirements for a B.A. degree in History from KU with one additional year of study beyond the junior year.

Applicants must complete an Application for Graduate Study (<https://gradapply.ku.edu/apply/>) online. Please submit the inquiry form below and contact the Graduate Program Coordinator prior to starting the application. The following information should be gathered in advance and uploaded with the application:

- Two letters of recommendation (preferably from professors in the major). You will be asked to enter the names and e-mail addresses for two recommenders while completing the online application. Your recommenders will automatically receive an e-mail requesting their letters when you submit the application. It is not necessary for your recommenders to send hard copies of their letters to the department if they submit their letters electronically. Should a recommender feel uncomfortable with the online submission process, please contact the department for more options.
- Résumé or curriculum vitae
- A one-page statement of educational and career objectives
- A writing sample, preferably from an history course, 5-10 pages of text not including the bibliography, endnotes, or images following endnotes.

Upon review of the Application for Admission, the History Department will notify the student of his or her eligibility to begin coursework in the program the following Fall semester. Final acceptance to the graduate program will be contingent upon the following:

- Successful completion of all requirements for the Bachelor's degree;
- Grades of B+ or above in all History graduate-level coursework taken in the final year of undergraduate study.
- Submission of a Program of Study

Program of Study

- After acceptance to the program, M.A. students will submit an M.A. Program of Study Worksheet. Students are expected to identify three fields of study (geographical, thematic, and chronological) in consultation with their primary advisor. These fields must be approved by the primary advisor and Director of Graduate Study by April 15. The Program of Study Worksheet also designates a Primary Advisor and two other faculty advisors as the official members of the student's M.A. Committee.

The course requirements for this accelerated program are fulfilled by a combination of graduate-level courses taken for both undergraduate and graduate credit in Year 4, and graduate credit courses taken in Year 5. Numerous graduate-level courses are regularly offered that fulfill distribution requirements for both the Bachelor's and M.A. degrees.

History Capstone Seminar

Majors must complete a capstone research experience in which they research and write an original thesis based on primary sources. Alternatively, majors with a GPA above 3.5 may choose to write a senior honors thesis. 3 of these credit hours will also count toward the master's degree and must be completed during the Senior year.

Satisfied by one of the following:

HIST 696 Seminar in: _____ or

HIST 690 Honors Course in History and HIST 691 Undergraduate History Honors Seminar

History Major Hours & Major GPA

While completing all required courses, majors must also meet each of the following hour and grade point average minimum standards:

Major Hours

Satisfied by 36 hours of major courses. No more than 2 HIST 492 (<https://catalog.ku.edu/search/?P=HIST%20492>) Readings in History courses may be applied to the major. Only courses taken in the Department of History or cross-listed in other units are accepted for credit toward the major.

Major Hours in Residence

Satisfied by a minimum of 15 hours of KU resident credit in the major.

Major Junior/Senior Hours

Satisfied by a minimum of 27 hours from junior/senior courses (300+) in the major. Of these 27 hours, at least 6 hours (two courses) must be taken at the 500-699 level (in addition to HIST 696).

Major Junior/Senior Graduation (300+) GPA

Satisfied by a minimum of a 2.0 KU GPA in junior/senior courses (300+) in the major. GPA calculations include all junior/senior courses in the field of study including F's and repeated courses. See the Semester/Cumulative GPA Calculator (<http://clas.ku.edu/undergrad/tools/gpa/>).

Proficiency in a foreign language is required for the M.A. degree if pursuing an MA with a focus outside the United States. Students in the accelerated program should complete at least the fourth semester of a relevant foreign language with a grade of B or better by the end of Year 4 or be prepared to demonstrate proficiency by passing the department's language proficiency exam at the beginning of Year 5. Should the student not pass the proficiency exam, s/he will be expected either to enroll in the appropriate level of language study or establish a plan for passing the language exam at the start of the second semester of Year 5.

Master's Degree Requirements

The master's program in history requires satisfactory completion of 30 credit hours of graduate courses. In addition to the 12 credit hours of graduate coursework taken during the Senior year, students must complete an additional 18 credit hours of graduate coursework once fully admitted to the master's program. These include:

Code	Title	Hours
HIST 802	Seminar in: _____	3
HIST 805	The Nature of History	3

Electives (12)

At least 12 hours of electives numbered 800 or above. Students may take up to 3 of these hours outside of the History department.

No more than 9 hours of Electives numbered 500-799. Students in the Accelerated Masters should plan to take 9 hours of 500+ electives before the end of their fourth year.

MA Examination

In the final semester of enrollment, terminal M.A. degree will sit for a ninety-minute oral examination that covers the student's research fields and the papers prepared in the undergraduate capstone seminar (HIST 696 or 690/691) and the graduate research seminar (HIST 802), respectively.

The M.A. exam tests the student's mastery of the scholarly debates pertinent to their field and their facility with advanced methods of historical research and writing.

The examination will cover basic historiographical questions, and the student should offer evidence of knowledge of the field equivalent to the material contained within a survey textbook. Moreover, the exam is designed to permit the student to demonstrate competency in engaging in an academic conversation. The examining committee will also discuss the content and significance of the research papers and advise upon future directions in the student's submission of these papers for publication.

A detailed presentation of departmental degree requirements and regulations is included in the department's Graduate Student Handbook, available online at <https://history.ku.edu/graduate-resources> (<https://history.ku.edu/graduate-resources/>).

Progression Requirements

Given the accelerated nature of this program, each student's progress will be closely monitored at various points during the program:

1. Upon approval to begin graduate coursework in the accelerated program, the student must meet with the DGS to plan the final year of undergraduate study.
2. In the final semester of undergraduate study, the department will review the student's performance in graduate-level History courses taken in the final year. The student must earn a grade of B+ or better in each of these courses to be eligible for regular admission to the master's degree.
3. Following completion and award of the undergraduate degree, the admitted student will again meet with the DGS to review the course plan for the final year of graduate study and update as needed. The student's performance in the graduate-level courses taken as an undergraduate will be evaluated.

4. The student will not be permitted to enroll in courses for graduate credit toward the master's degree until the baccalaureate degree has been conferred.

Students should complete all requirements for the Accelerated M.A. within 2 to 3 semesters of receiving the bachelor's degree. If unforeseen circumstances prevent the timely completion of the master's degree, the student must consult with their graduate advisor to develop an alternative plan for completion.
