

Bachelor of Arts in Jewish Studies

The Program in Jewish Studies offers an undergraduate major (BA in Jewish Studies) and minor, Departmental Honors (both by research paper and by service learning), and courses in Jewish Studies, Hebrew, and Yiddish; we also co-sponsor courses in many other units, especially Religious Studies. Among our several focus areas are Judaic studies, identities and ethnicities, languages and narratives, history and archaeology, and applied service in Jewish organizations.

Jewish culture and religion have flourished in a rich variety of forms and in remarkably disparate places on the globe for thousands of years. Jewish contributions have deeply affected the art, language and literature, law, philosophy, and political thought, and the sciences of all nations. The global impact of Jewish culture thus warrants its study as an important component of the liberal arts curriculum at KU. The Jewish Studies Program at KU is the only such program in the state of Kansas. Its mission, therefore, is to celebrate the Jewish experience and promote the understanding of its cultural importance with courses and academic programs that focus on the history, diversity, culture, languages, thought, and practices of the Jewish people and their religion.

Undergraduate Admission

Admission to KU

All students applying for admission must send high school and college transcripts to the Office of Admissions. Unless they are college transfer students with at least 24 hours of credit, prospective students must send ACT or SAT scores to the Office of Admissions. Prospective first-year students should be aware that KU has qualified admission requirements that all new first-year students must meet to be admitted. Consult the Office of Admissions (<http://admissions.ku.edu>) for application deadlines and specific admission requirements.

Visit the International Support Services (<http://www.iss.ku.edu>) for information about international admissions.

Students considering transferring to KU may see how their college-level course work will transfer on the Office of Admissions (<http://credittransfer.ku.edu>) website.

Admission to the College of Liberal Arts and Sciences

Admission to the College is a different process from admission to a major field. Some CLAS departments have admission requirements. See individual department/program sections for departmental admission requirements.

- The BA requires completion of two courses of collegiate-level writing instruction. Students who test out of Composition will still need to complete ENGL 102 (or equivalent) and one additional Goal 2.1 course.
- Visit this website (<https://collegeadvising.ku.edu/sites/collegeadvising.ku.edu/files/docs/BA.QuantitativeReasoning.pdf>) (http://college.ku.edu/undergrad/curriculum/ba_QR) for a list of courses that fulfill the BA Quantitative Reasoning requirement.
- See the Degree Requirements tab for a list of courses that fulfill this major requirement.
- Please note: the HEBR and YDSH Intermediate I and II courses listed on this four-year plan will fulfill both the BA Second Language requirement and the Language requirement in major. A complete list of courses that can count toward the Language requirement for the major is listed on the Degree Requirements tab. Not all the courses listed will fulfill the BA Second Language requirement. Students who use courses from the course list to fulfill the major Language requirement that do not also fulfill the BA Second Language requirement need to be sure that they either complete coursework or obtain a letter of proficiency to satisfy the BA Second Language requirement.

- ⁵ This major requires 3 courses of Jewish Studies major electives, which can be chosen from all the course lists provided under the Degree Requirements tab.

Please note:

All students in the College of Liberal Arts and Sciences are required to completed 120 total hours of which 45 hours must be at the Jr/Sr (300+) level.

The same course cannot be used to fulfill more than one KU Core Goal. However, overlap of a KU Core course with a major or degree-specific requirement is allowed. Overlapping is recommended to allow more opportunities to explore other majors and/or minors.

Departmental Honors

For departmental honors in Jewish Studies, students must meet the following criteria:

1. Candidates will have an overall grade-point average of at least 3.25 and a grade-point average in Jewish Studies of 3.5 both at the time of declaring their intention to seek honors and by graduation.
2. In consultation with the JS honors coordinator and with approval from a supervising professor, candidates will declare their intention to seek honors no later than the time of enrollment for the final undergraduate semester.
3. Candidates will fill out a declaration form (available here (http://college.ku.edu/sites/clas.drupal.ku.edu/files/docs/SAS/Forms/dept_honors_intent_form.pdf)) and submit a copy of that form to College Advising and Student Services (109 Strong Hall).
4. Candidates intending to conduct research and write a substantial, original research paper (honors essay) will enroll in JWSH 490 Directed Study in Jewish Studies or in JWSH 491 Directed Study in Jewish Studies Honors (if they are in the University Honors Program) for one or two semesters. Candidates intending to engage in service learning at a community organization will enroll in JWSH 650 and, at the end of service, will submit an essay that describes the service and reflects on the student's experience. A grade of B or higher must be earned in this/these courses.
5. A committee of three members of the University faculty (the supervising professor and two others, one of whom must be a member of the Jewish Studies faculty) will approve the honors essay or service learning project and will certify to the JS honors coordinator that the candidate has successfully completed the requirements to earn honors. The JS honors coordinator will write to notify College Advising and Student Services that the JS Honors Program has been successfully completed.
6. If the candidate is earning a double major and is attempting to earn departmental honors in two different departments, one research project may be used to satisfy the requirements of both departments if the candidate obtains approval from both. Both departments must be represented on the student's committee.
