Bachelor of Science in Behavioral Neuroscience

B.S. in Behavioral Neuroscience Overview

Behavioral Neuroscience is a new major in Psychology at the University of Kansas. The concentration in behavioral neuroscience is designed for students with a focused interest in the biological bases of behavior and thought. The concentration is well suited for students who are contemplating professional or mainly research careers in medicine, pharmacology, veterinary medicine, animal science, neurology, neurobiology, and neuroscience. It is also suitable as a degree for those headed into other health-related fields or graduate school in other areas of psychology. As a behavioral neuroscience major, you will take courses in many different departments because, as you explore the neural basis of behavior and prepare to enter the neuroscience research field, you will need to acquire knowledge in the realms of chemistry, biology, psychology, statistics, and even computer science.

What is Neuroscience? [PDF]

Please review our Behavioral Neuroscience B.S. Handout [PDF] for specific details on program focus, admission requirements, recommended course schedule and advising information.

For additional information and advising for the BS Major please contact:

Dr. Michael Vitevitch
Director, BS Major in Behavioral Neuroscience

Undergraduate Admission

Admission to KU

All students applying for admission must send high school and college transcripts to the Office of Admissions. Unless they are college transfer students with at least 24 hours of credit, prospective students must send ACT or SAT scores to the Office of Admissions. Prospective first-year students should be aware that KU has qualified admission requirements that all new first-year students must meet to be admitted. Consult the Office of Admissions (http://admissions.ku.edu) for application deadlines and specific admission requirements.

Visit the Office of International Student and Scholar Services (http://www.iss.ku.edu) for information about international admissions.

Students considering transferring to KU may see how their college-level course work will transfer on the Office of Admissions (http://credittransfer.ku.edu) website.

Admission to the College of Liberal Arts and Sciences

Admission to the College is a different process from admission to a major field. Some CLAS departments have admission requirements.

See individual department/program sections for departmental admission requirements.

Admission to the Major

Behavioral Neuroscience Major Admission Criteria

Application Term

Students should apply to the major during the semester in which major admission criteria will be completed; normally no later than 60 hours, or for transfer students, normally during the initial term at KU. Application to this major after completion of 60 hours, or the initial KU term for transfer students, will likely delay graduation.

Courses Required

Orientation Seminar in Psychology. Satisfied by:
PSYC 102 Orientation Seminar in Psychology 1

General Psychology. Satisfied by:
PSYC 104 General Psychology 3
or PSYC 105 General Psychology, Honors

Research Methods in Psychology or Statistics in Psychological Research. Satisfied by one of the following:
PSYC 200 Research Methods in Psychology 3
or PSYC 201 Research Methods in Psychology, Honors
PSYC 210 Statistics in Psychological Research
or PSYC 211 Statistics in Psychological Research, Honors

Core Psychology Course. Satisfied by one of the following:
PSYC 370 Behavioral Neuroscience 3
or PSYC 371 Behavioral Neuroscience, Honors
PSYC 375 Cognitive Neuroscience
PSYC 380 Clinical Neuroscience
or PSYC 381 Clinical Neuroscience, Honors

Admission GPA

A minimum 3.0 GPA is required in all courses listed above that have been completed at the time of application to the major. University Course Repeat Policy will apply.

Requirements for the B.S. Degree

B.S. in Behavioral Neuroscience

Humanities (24 hrs.)

Written Communication - Core Skill and Critical Inquiry

Composition (0)
Satisfied by one of the following. Requirement must be completed during initial term of admission at KU.

ENGL 101 Composition

ACT English score of 27 or above or SAT English score of 600 or above

AP English Literature & Composition score of 3 or above

Equivalent transfer course

Critical Reading and Writing (0)
Satisfied by one of the following. Requirement must be completed within the first academic year at KU.
ENGL 102  Critical Reading and Writing
ENGL 105  Honors Introduction to English
AP English Literature & Composition score of 4 or above
Equivalent transfer course

Sophomore Reading and Writing II (0)
Satisfied by one of the following:
ENGL 203  Topics in Reading and Writing: ______
ENGL 205  Freshman-Sophomore Honors Proseminar: ______
ENGL 209  Introduction to Fiction
ENGL 210  Introduction to Poetry
ENGL 211  Introduction to the Drama
AP English Literature & Composition score of 5 or above
Equivalent transfer course

Argument and Reason
Satisfied by one of the following: 3
COMS 130  Speaker-Audience Communication
PHIL 148  Reason and Argument
Equivalent course

Western Civilization - Exploration of One's Own and Diverse Cultures
Advising Alert: Requires sophomore-level standing. Courses at other universities may have the same title but may not meet this requirement.
Satisfied by:
HUM 204  Western Civilization I 3
or HUM 114  Western Civilization I Honors
HUM 205  Western Civilization II 3
or HUM 115  Western Civilization II Honors

Humanities - Understanding the Human Condition
Satisfied by completing 2 courses (6 hrs.) in any of the following categories: historical studies (requirement code HT), literature and the arts (requirement code HL), philosophy and religion (requirement code HR) and humanities (requirement code H). Approved courses may be searched for availability through the Kyou portal.

Natural Science (14 hrs. minimum)
Satisfied by completing 2 of the following 4 sequences AND an extension of 1 sequence (1 additional advanced course), or an approved alternative (14 hrs. minimum).
Biology:
BIOL 150  Principles of Molecular and Cellular Biology
& BIOL 152  and Principles of Organismal Biology
Chemistry:
CHEM 130  General Chemistry I
& CHEM 135  and General Chemistry II
Physics:
PHSX 114  College Physics I
& PHSX 115  and College Physics II
Biological Anthropology:
ANTH 104  Fundamentals of Biological Anthropology
or ANTH 349  Introduction to Human Evolutionary Biology
ANTH 340  Human Variation and Evolution

Mathematics (14 hrs. minimum)
Satisfied by completing a total of 4 mathematics courses totaling at least 14 hours, of which at least 6 hours must be calculus or calculus based. The 8 hours of calculus can be satisfied by taking at least one calculus I course (MATH 115 or 125) and one calculus II course (MATH 116 or 126). The remaining four to six hours of mathematics can be satisfied by taking a minimum of two additional math courses at any level (excluding MATH 002).

Computing (6 hrs. minimum)
Satisfied by:
EECS 138  Introduction to Computing: ______
An additional course
The second 3 hours could either be a second semester of EECS 138 (focused on a second programming language) or be from an additional approved course that provides an opportunity to gain computing experience. This second course could be PSYC 480 or PSYC 481 if this Independent Study requires independent, original application of the student’s computing skills such as computer simulation of cognitive processes, or experience with computationally complex neuroscience techniques, such as brain imaging and mapping, or physiological data collection and analysis. (3)

The second 3 hours could either be a second semester of EECS 138 (focused on a second programming language) or be from an additional approved course that provides an opportunity to gain computing experience. This second course could be PSYC 480 or PSYC 481 if this Independent Study requires independent, original application of the student’s computing skills such as computer simulation of cognitive processes, or experience with computationally complex neuroscience techniques, such as brain imaging and mapping, or physiological data collection and analysis. (3)

Behavioral Neuroscience Major Course Requirements
Behavioral Neuroscience Prerequisite or Co-Requisite Knowledge (10)
Majors must complete courses as specified in each of the following areas. These hours do not contribute to the minimum number of hours required for the major.
Orientation Seminar in Psychology. Satisfied by:
PSYC 102  Orientation Seminar in Psychology 1
General Psychology. Satisfied by:
PSYC 104  General Psychology 3
or PSYC 105  General Psychology, Honors
College Algebra or Pre-Calculus. Satisfied by:
MATH 101  College Algebra (or equivalent) 3
or MATH 104  Precalculus Mathematics
Introductory Biology Course. Satisfied by
BIOL 100  Principles of Biology 3
or BIOL 150  Principles of Molecular and Cellular Biology
Behavioral Neuroscience Core Knowledge and Skills (28)
Bachelor of Science in Behavioral Neuroscience

Majors must complete coursework in each of the following 4 areas:

Behavioral Neuroscience Courses (6 hours minimum). Satisfied by one of the following:

PSYC 370 Behavioral Neuroscience
or PSYC 371 Behavioral Neuroscience, Honors

PSYC 375 Cognitive Neuroscience

PSYC 380 Clinical Neuroscience
or PSYC 381 Clinical Neuroscience, Honors

Laboratory Courses (9 hours minimum). Satisfied by the following:

PSYC 200 Research Methods in Psychology
or PSYC 201 Research Methods in Psychology, Honors

PSYC 625 Experimental Psychology: Methods in Psychophysiology and Neuroscience

Quantitative Courses (9 hours minimum). Satisfied by one of the following:

PSYC 210 Statistics in Psychological Research
or PSYC 211 Statistics in Psychological Research, Honors

PSYC 500 Intermediate Statistics in Psychological Research

PSYC 650 Statistical Methods in Behavioral and Social Science Research I

PSYC 651 Anova and Other Factorial Designs

PSYC 679 Applied Nonparametric Statistical Methods

PSYC 687 Factor Analysis

PSYC 692 Test Theory

PSYC 693 Multivariate Analysis

PSYC 694 Multilevel Modeling I

PSYC 695 Categorical Data Analysis

PSYC 696 Structural Equation Modeling I

Applied Research Experience (4 hours minimum). Satisfied by one of the following:

PSYC 449 Laboratory/Field Work in Human Biology

PSYC 460 Honors in Psychology

PSYC 480 Independent Study

PSYC 481 Research Practicum

Elective Courses in Psychology or Other Disciplines (12)

Majors must complete 12 hours minimum (other electives may be accepted with permission of the B.S. director) Satisfied by:

PSYC 418 Introduction to Cognitive Science
or PSYC 318 Cognitive Psychology

PSYC 432 Human Behavioral Genetics

PSYC 482 Sensation and Perception

PSYC 535 Developmental Psychopathology

PSYC 555 Evolutionary Psychology

PSYC 605 Health Psychology

PSYC 630 Clinical Psychology

PSYC 644 Behavioral Pharmacology

PSYC 646 Mental Health and Aging

PSYC 678 Drugs and Behavior

PSYC 691 The Psychology of Aging

LING 438 Neurolinguistics I

Behavioral Neuroscience Major Hours & GPA

While completing all required courses, majors must also meet each of the following hour and grade-point average minimum standards:

**Major Hours**

Satisfied by 40 hours of major courses.

**Major Hours in Residence**

Satisfied by a minimum of 15 hours of KU resident credit in the major.

**Major Junior/Senior Hours**

Satisfied by 28 hours of junior/senior level major coursework.

**Major Junior/Senior (300+) Graduation GPA**

Satisfied by a minimum of a 2.0 KU GPA in junior/senior courses (300+) in the major. GPA calculations include all junior/senior courses in the field of study including F's and repeated courses. See the Semester/Cumulative GPA Calculator (http://clas.ku.edu/undergrad/tools/gpa).

Below is a sample 4-year plan for students pursuing the BS in Behavioral Neuroscience. To view the list of courses approved to fulfill KU Core Goals, please visit the KU Core website (http://kucore.ku.edu/courses).

1. Satisfied by completing 2 courses (6 hrs.) in any of the following categories: historical studies (requirement code HT), literature and the arts (requirement code HL), philosophy and religion (requirement code HR) and humanities (requirement code H).
2. The Natural Science requirement is satisfied by completing 2 of the 4 available sequences (see the Degree Requirements tab) AND an extension of 1 sequence (1 additional advanced course), or an approved alternative (14 hrs. minimum).
3. Could either be a second semester of EECS 138 (focused on a second programming language) or be from an additional approved course that provides an opportunity to gain computing experience.
4. Refer to the Degree Requirements tab for a list of courses that can fulfill this major requirement.
5. Students are required to complete 4 hours minimum towards the Applied Research Experience. Refer to the Degree Requirements tab for a list of courses that can fulfill this major requirement.
6. The Psychology department requires completion of admission criteria in order to be admitted to the major. Review admission requirements here [link](http://catalog.ku.edu/liberal-arts-sciences/psychology/ba-bgs-psychology/#admissiontext).

**Please note:**

All students in the College of Liberal Arts and Sciences are required to complete 120 total hours of which 45 hours must be at the Jr/Sr (300+) level.

The same course cannot be used to fulfill more than one KU Core Goal. However, overlap of a KU Core course with a major or degree-specific requirement is allowed. Overlapping is recommended to allow more opportunities to explore other majors and/or minors.

**Departmental Honors**

Students may inquire about departmental honors as soon as they are admitted to the undergraduate major. The department website [link](http://psych.ku.edu) has details. Participation usually begins in the senior year. A 3.25 grade-point average overall and a 3.5 grade-point average in psychology courses are required. Students follow individualized courses of study arranged through the director. Students who complete PSYC 460, individual research, and a paper under the direction of an instructor may graduate with departmental honors.
