

Master of Public Administration and Juris Doctor

M.P.A./J.D. Dual Degree Program

The dual degree program is designed for the student who intends to combine career preparation in law and public administration. Examples of career objectives for this degree are the practice of law in communities (for example, a city attorney, who may be called upon to perform legal services for a municipality) and for city managers (who may need to deal with legal questions and interact with legal professionals). The program combines into 4 years the normal 3-year Juris Doctor (<https://catalog.ku.edu/law/jd/>) program offered by the School of Law (<http://www.law.ku.edu/>) and the 2-year M.P.A. program offered by the School of Public Affairs and Administration (<https://spaa.ku.edu/master-public-administration-mpa-admissions/>).
